

**Arkas Line elevates
the prestigious Mediterranean - United States Express Service
into weekly operation**

Arkas Line services network continuously expands to **offer advanced maritime transportation to its customers**, always in a timely, safe and cost-effective manner.

Having carefully evaluated market needs, changing conditions and the importance as well as the representation of US general cargo transportation to total worldwide percentage of goods moved to and from US, Arkas Line is set to elevate the interconnection between major Mediterranean and US East Coast ports by deploying **one additional vessel**, one of the largest of its fleet, with a total capacity of **2,824 TEU**.

By this US Express service, Arkas Line is offering its clients **weekly operation to and from US ports of New York, Norfolk and Savannah**, further enhancing geographical coverage, time-efficiency and connectivity.

Piraeus and Thessaloniki, our main Greek ports shall be connected to this upgraded US service, being effected (from Piraeus port) on **February 27th**, providing dry, reefer and special containers transportation with estimated transit times as follows:

GRPIR	USNYC	24 days
	USORF	26 days
	USSAV	28 days
GRSKG	USNYC	25 days
	USORF	27 days
	USSAV	29 days

We, at Arkas Hellas, continue to support Greek import and export companies, and especially the Greek-US trade and economic development by providing added value transportation services from our country's main port gates to United States, with a focus to continuously adjust to your cargo transport needs, through advanced services.

Please, for more information do not hesitate to contact our local Arkas Line sales representatives, by calling at 210-4599460 (Piraeus office) or 2310-500027 (Thessaloniki office).
